## **Beach Haven Community Arts Program**

## **Engraved Brick Fundraiser**

The Beach Haven Community Arts Program (CAP) is dedicated to the continued improvement of Beach Haven. CAP works to present year-round cultural activities and events within the Borough, especially the summer "Concerts on the Green" in Veteran's Memorial Park. The sale of engraved bricks to be installed in the park walkways helps to support this goal. If you would like your brick to be included in the Fall installation, please submit this form with check by September 1 to:
